Chapter 35.5: Reminder: Divine Triad's Ultimate Troops

The ultimate troops of the Divine Triad consist of the following seven distinct groups, each serving a specific purpose and function within their hierarchy of power:

1. Apostles of God:

Number: Hundreds of thousands

Characteristics: Angelic beings with six feathered wings, golden helmets, silver armor, white skin, white hair, and white robes.

Armament: Spears or one-edged swords.

Role: Governors of all realms, frontline warriors in battles, complement the Dark Apostles.

Note: They are all male and cannot reproduce.

2. Dark Apostles:

Number: Millions (initially hundreds of thousands but increased through reproduction).

Characteristics: Dark beings with bat-like wings, colorful skin, cat-like eyes, and black adamantine armor.

Armament: Trisulas (trident-like weapons).

Role: Rearline managers, tamers of dimensional refugees, complement the Apostles of God.

Note: Consist of both males and females, and they reproduce to increase their numbers.

3. Heavenly Soldiers:

Number: Billions

Characteristics: Angelic warriors born from the fruits of the World Tree, with 2-4 wings, golden helmets, silver armor, and white robes.

Armament: One-edged swords or spears.

Role: Serve under the direct orders of the Divine Triad, though Apostles of God and Dark Apostles can borrow their command.

4. Shadowkins:

Number: Millions

Characteristics: High Humans, High Elves, and High Dwarves created by Sung Jin-Woo from lesser fruits of the World Tree.

Role: Residents of the Shadowverse, allies of the Dragonkins, and contributors to multiversal governance.

5. Dragonkins:

Number: Millions

Characteristics: High Dragons, High Drakes, High Wyrms, and High Wyverns created by Sung Su-Ho from lesser fruits of the World Tree.

Role: Residents of Draconis Lux, allies of the Shadowkins, and dominators of the skies and realms.

6. Shadow Lords:

Number: Tens of billions

Characteristics: Materialized shadow soldiers with black hearts, capable of reproducing and creating their own shadow armies.

Role: Direct creations of Sung Jin-Woo, these soldiers are the backbone of his Shadow Army and carry a portion of the Shadow Monarch's powers.

7. Fiery Dragon Lords:

Number: Millions

Characteristics: Fiery dragon shadow soldiers with dragon hearts, capable of reproducing and creating their own armies.

Role: Created by Sung Su-Ho, these entities possess both Shadow Monarch and Dragon Monarch powers, serving as the ultimate dragon warriors.

Each group is designed to synergize with the others, ensuring no aspect of the multiverse is left undefended. The Divine Triad's ultimate troops represent a balance of light, darkness, and draconic might, making their combined forces unparalleled in the multiverse.
